Michigan Supreme Court  
Supreme Court Clerk  
P.O. Box 30052  
Lansing MI

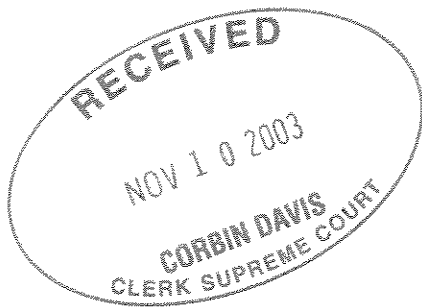

To whom it may concern,

*"The Michigan Constitution as well as the United States Constitution makes it clear that judges are not to make the law but rather to interpret the law. "*

I have always held the Supreme Court in the highest regard. Although I don't understand much about the law and legal situations. I thought you would protect and uphold my legal rights. Then why is the Michigan Supreme Court considering taking steps that would change the law by denying Michigan asbestos disease victims and their right to jury. It seems to me that the Michigan Supreme Court is being used as a tool of the asbestos industry and big business to deny working people their constitutional rights to jury trials when harmed by corporate misconduct. Thank you for your time.

*This is in referece to proposed  
Court Rule no. 2003-47.*

Sincerely,

Johnnie M. Webb
